Subject: Wildanet is bringing hyperfast fibre broadband to Menheniot soon

It's time Menheniot said '*goodbye*' to slow and unreliable broadband, forever!

Wildanet is a Cornish Internet Service Provider, based in Liskeard. We're investing £85million to build a completely new fibre broadband network that will bring the fastest and most reliable internet connectivity to your community, and others like it, throughout Cornwall.

Our new broadband network will be capable of delivering internet speeds that are 40 times faster than the average speeds in Cornwall. This will bring huge benefits to the daily lives of your local residents and businesses alike.

What's more, we'd like to provide your local village hall or community centre with free internet, enabling residents to access incredibly fast, super-reliable internet connection whilst using these facilities.

Community engagement is really important to us (hence the reason for reaching out to you now) and we'd very much like the opportunity to come along to one of your meetings, so we can talk to your Councillors about our plans for bringing fibre broadband to Menheniot and answer any questions the Council may have in relation to the roll-out.

I look forward to hearing from you soon.

Kind regards

Ian Calvert
CEO, Wildanet

Redruth (Head office): Unit 1a Penrose House, Treleigh Industrial Estate, Redruth, Cornwall, TR16 4DE
Liskeard: The Elliott Building, Westbourne House, Liskeard, Cornwall, PL14 6BY
